PROFFESIONAL EXPERIENCE

Georgia Institute of Technology Full-Stack Flex Program, Atlanta, GA May 2020 – Current

- Spend 25+ hours per week in class working through the latest programming technologies and 30+ hours per week outside of class applying technologies and concepts to deliverables
- Create unique projects from start to finish through the utilization of user stories, wire-framing, pseudocode, and responsive design
- Work in collaborative settings using Git, Agile Development strategies, MVC paradigm, and RESTful APIs to create dynamic web apps

Chateau Ste. Michelle, Woodinville, WA

August 2018 – December 2019

Stock Lead

- Executed monthly retail wine inventory counts
- Operated forklift to receive wine and maintained organization of retail cage and all stock storage areas

Perfect 10 Foods, Atlanta, GA

January 2017 – December 2017

Vendor Coordinator

- Maintained relationships with brand managers/owners; created sales reports and collaborated on sales goals and placement strategies; communicated new goals/strategies/issues to our sales team and account managers
- Ordered product from vendors and maintained inventory levels while minimizing spoilage/stock-outs
- Performed regular updates to inventory and accounting systems including uploading new SKUs and product info and ensuring compatibility across systems
- Maintained warehouse organization and strategized for most efficient layout/placement of each brand/product

Perfect 10 Foods, Atlanta, GA

November 2015 – December 2016

Account Manager

- Delivered and merchandised, or shipped, product to 150+ accounts around the southeast
- Generated new sales by vetting and creating relationships with new potential accounts
- Identified up-selling and cross-selling opportunities within existing accounts and maintained relationships with store managers or buyers that allowed for increased sales opportunities
